

**MPN:** NLDMM1N

**Product Name:** Yellow Auto-Ranging Multimeter

**Brand:** Newlec

**Category:** Multi Meters

---

**Product Description:** Users are referred to the HSE guidelines GS38 'Electrical test equipment for use by electricians'. This provides guidance on the selection of suitable test probes, leads, voltage indicating devices and other measurement equipment used when working on or investigating power circuits with a rated voltage not exceeding 650V.

---

**Key Features:**

- 750V AC voltage range
- 1000V DC voltage range
- 10A AC/DC current range
- Audible continuity/resistance to 60 micro ohm
- Temperature reading in C and F
- Capacitance range to 10pF
- Diode test
- Max/min and data hold
- Supplied with test leads and temp probe

**Applications:**

- Electrical testing and troubleshooting
- Industrial maintenance and repair
- HVAC system diagnostics
- Automotive electrical systems testing
