

MPN: NLDMLCN

Product Name: Digital Manual Ranging 1000V Yellow Multi Meter

Brand: Newlec

Category: Multi Meters

Product Description: The Digital Manual Ranging 1000V Yellow Multi meter by Newlec is a versatile tool designed for accurate electrical measurements. It features a double moulded housing with an oversized high contrast 2000 count LCD display, ensuring clear visibility in various lighting conditions. With manual ranging capability and a current range of up to 20A, this multi meter is suitable for a wide range of applications. It also offers capacitance and frequency testing capabilities, making it a comprehensive solution for electrical professionals.

Key Features:

- Large LCD display for easy reading of measurements.
 - Capacitance testing for accurate assessment of capacitors.
 - Auto power off function to conserve battery life.
 - Full range protection for enhanced safety during measurements.
-

Specifications:

- Measurement range: Up to 1000V
- Current range: Up to 20A
- Display: 2000 count LCD
- Colour: Yellow
- Housing: Double moulded

ETIM Class-9.0: Multimeter (EC000069)

ETIM Features:

- Indication: Digital (EV005572)
- Measurement range selection: Manual (EV000243)

Applications: The Digital Manual Ranging 1000V Yellow Multi meter is suitable for a wide range of applications, including:

- Electrical installations and maintenance.
- Troubleshooting electrical circuits.
- Testing and measuring electronic components.
- Industrial and commercial electrical work.
- HVAC systems maintenance.
