

MPN: NLFCHB

Product Name: 110 x 54mm White Flat Channel Duct Horizontal Bend 90 Degree

Brand: Newlec

Category: Channel & Ducting Accessories

Product Description: The 110 x 54mm White Flat Channel Duct Horizontal Bend 90 Degree is a high-quality ducting accessory designed for use in ventilation systems. It is specifically designed to provide a smooth and efficient airflow in 110 x 54mm ventilation systems. This horizontal bend allows for a 90-degree change in direction, making it ideal for routing ducts around corners or obstacles. The bend is made from durable plastic material, ensuring long-lasting performance and reliability. With its white colour, it seamlessly blends into any environment.

Key Features:

- Designed for 110 x 54mm ventilation systems.
- Allows for a 90-degree change in direction.
- Durable plastic construction.
- Easy to install and maintain.
- White colour for a seamless integration.

Specifications:

- Height (mm): 54
- Width (mm): 110
- Model: Moulded hood
- Angle (°): 90

ETIM Class-9.0: Mini/Maxi trunking flat angle (EC000864)

ETIM Features:

- Height (mm): 54
- Width (mm): 110
- Model: Moulded hood (EV000038)
- Angle (°): 90
- Material: Plastic (EV000139)
- Surface protection: Untreated (EV006034)
- Colour: White (EV000202)

Applications:

- Suitable for residential, commercial, and industrial ventilation systems.
- Ideal for routing ducts around corners or obstacles.
