

MPN: NL872

Product Name: 100mm 15 Meter Length PVC White Ventilation Flexible Ducting

Brand: Newlec

Category: Channel & Ducting Accessories

Product Description: Newlec ducting is made up of a white polyvinyl chloride (PVC) material designed specifically to work in tandem with ventilation systems in order to properly condition air/heat in any environment. It provides a flexible solution for routing air in residential, commercial, and industrial applications.

Key Features:

- Flexible tubing for easy installation and manoeuvrability.
 - Manufactured from durable PVC material for long-lasting performance.
-

Specifications:

- Width (mm): 100
- Length (mm): 15000
- Material: Plastic
- Surface protection: Untreated

ETIM Class-9.0: Mini/Maxi trunking (EC000059)

ETIM Features:

- Width (mm): 100
- Length (mm): 15000
- Material: Plastic (EV000139)
- Surface protection: Untreated (EV006034)
- Colour: White (EV000202)
- Cover model: Loose (EV000230)

Applications:

- Residential ventilation systems
- Commercial HVAC systems
- Industrial air conditioning systems
