

MPN: NL792J

Product Name: M10 25 x 3mm Copper Earth Tape Conductor Bonding Clamp

Brand: Newlec

Category: Copper Tape & Accessories

Product Description: The M10 25 x 3mm Copper Earth Tape Conductor Bonding Clamp is a high-quality copper alloy clamp designed for bonding to steel structures. It is specifically designed for use with 25 x 3mm copper tape, providing a reliable and efficient bonding solution. This clamp ensures a secure connection, enhancing the overall performance of the bonding system.

Key Features:

- Copper alloy clamp for bonding to steel structures
 - Compatible with 25 x 3mm copper tape
-

Specifications:

- Type of connector: Connection clamp
- Material: Copper
- Surface protection: Copper-plated

ETIM Class-9.0: Connection clamp for lightning protection (EC000513)

ETIM Features:

- Type of connector: Connection clamp (EV000892)
- Material: Copper (EV000138)
- Surface protection: Copper-plated (EV006914)
- Type of fastening screws: Hexagon screw (EV001527)

Applications:

- Suitable for various applications requiring reliable bonding to steel structures, such as electrical grounding systems, lightning protection systems, and bonding of copper tape in construction projects.
- Suitable for construction, electrical, and industrial applications.
