

**MPN:** NLCD16-30.5

**Product Name:** 16 - 30.5mm Cone Drill

**Brand:** Newlec

**Category:** Drill Bits

---

**Product Description:** The NLCD16-30.5 Cone Drill is perfect for producing an infinite range of hole diameters, providing versatility in trunking and sheet steel applications. Its uninterrupted ground cutting edges ensure precise and clean hole formation. The tapered cone design allows for easy enlargement of holes, while the self-centering drilling action offers a quick and easy trade solution for metal drilling. This drill is particularly suitable for awkward jobs, making it a versatile tool for various applications.

---

**Key Features:**

- Uninterrupted ground cutting edges producing an infinite range of hole diameters.
- Tapered cone design for easily enlarging holes.
- Self-centering drilling action provides a quick and easy trade solution for metal drilling.
- Perfect for awkward jobs.
- Versatile Application.
- Precise Hole Enlargement.

---

**Specifications:**

- Nominal size (mm): 32.5
- With pilot drill: Yes
- Pilot drill diameter (mm): 16

---

## **ETIM Class-9.0:** Core drill bit (EC000704)

### **ETIM Features:**

- Nominal size (mm): 32.5
- With pilot drill: Yes
- Pilot drill diameter (mm): 16
- Holding system: Axle shaft (EV003749)

---

### **Applications:**

- Trunking installation
- Sheet steel drilling
- Metalworking projects
- Construction and trade applications
