

MPN: NLSD16-32

Product Name: 16 - 32mm Step Drill

Brand: Newlec

Category: Drill Bits

Product Description: The NLSD16-32 Step Drill is perfect for producing consistently accurate holes in trunking and sheet steel. With 4 drill diameter steps, it offers convenience and multiple hole diameter options.

Key Features:

- 4 drill diameter steps for convenience and multiple hole diameter options (16.5 / 20.5 / 25.5 / 32.5mm).
 - Laser etched diameter markings allow repeat production of error-free, reliably accurate holes.
 - Precision ground tapered cutting edges allow drilling of material up to 3.5mm.
 - Pro-Step can be used in sheet steel, non-ferrous metals, plastics, formica, plywood.
-

Specifications:

- Number of drill steps: 4
- Min. drill diameter (mm): 16.5
- Max. drill diameter (mm): 32.5

ETIM Class-9.0: Step drill (EC000162)

ETIM Features:

- Number of drill steps: 4
- Unit of measurement: mm (EV007559)
- Min. drill diameter (mm): 16.5
- Max. drill diameter (mm): 32.5

Applications:

- Trunking installation
- Sheet steel fabrication
- Metalworking projects
- Woodworking projects
