

**MPN:** NLSATWHT

**Product Name:** White RG6 Satellite Cable 100 Metre Drum

**Brand:** Newlec

**Category:** Data & Comms

---

**Product Description:** The White RG6 Satellite Cable 100 Metre Drum by Newlec is a high-quality coaxial cable designed for satellite installations. It is suitable for both residential and commercial applications. This cable is specifically designed to provide reliable signal transmission for satellite TV and other data and communication purposes. With its durable construction and excellent performance, it ensures a stable and clear signal transmission.

---

#### Key Features:

- Aluminium foil for improved shielding against interference.
  - 4.7mm gas injected foam for enhanced signal quality.
  - Primary PVC sheathing for durability and protection.
- 

#### Specifications:

- Inner conductor material: Copper
- Type of outer conductor: Foil + braiding
- Dielectric: Foamed PE
- Sheath material: Polyvinyl chloride (PVC)

---

## **ETIM Class-9.0:** Coaxial cable (EC000019)

### **ETIM Features:**

- Inner conductor material: Copper (EV000138)
- Type of outer conductor: Foil + braiding (EV004527)
- Dielectric: Foamed PE (EV001101)
- Sheath material: Polyvinyl chloride (PVC) (EV000163)
- Sheath colour: White (EV000202)
- Characteristic impedance (Ohm): 75

---

### **Applications:**

- Satellite TV installations
- Data and communication systems
- Residential and commercial use
