

MPN: NLENS20

Product Name: 20mm Brass Self Cutting Earthing Nut

Brand: Newlec

Category: Locknuts

Product Description: The 20mm Brass Self Cutting Earthing Nut by Newlec is a hexagonal shaped cable gland earthing nut made up of a solid brass construction. It is designed to resist vibration and eliminates the need for drilling for earth bolts. This product is suitable for various applications where cable earthing requirements are necessary.

Key Features:

- 60% faster installation time.
 - Eliminates drilling for earth bolts.
 - No earth bolts required as all parts are supplied.
 - Designed to resist vibration.
 - Eliminates the need for surface preparation - paint scraping, etc.
 - Enables GRP or plastic enclosures to be used where this would normally be avoided due to cable earthing requirements.
-

Specifications:

- Thread type: Metric
- Nominal thread size metric/PG: 20
- Pitch thread (mm): 20
- Material qualifier: Brass

ETIM Class-9.0: Locknut for cable gland (EC000940)

ETIM Features:

- Thread type: Metric (EV003712)
- Nominal thread size metric/PG: 20
- Pitch thread (mm): 20
- Material qualifier: Brass (EV000149)
- Colour: Brass (EV000149)
- Shape: Hexagonal (EV008879)

Applications:

- Suitable for various applications where cable earthing requirements are necessary
