

MPN: NLCONM100/3N

Product Name: 3 Pole + Neutral 100A 230V AC IP55 Enclosed Contactor

Brand: Newlec

Category: Contactors

Product Description: The Newlec NLCONM100/3N is an enclosed contactor made up of a steel enclosure. It is suitable for 2-Wire control, such as time switch, thermostat, sensor, or other remote controls.

Key Features:

- Manufactured in accordance with EN60947-4-1.
- IP55 steel enclosure.
- Standard coil voltage: 230V 50/60Hz.
- Auxiliary contacts can be fitted.
- Colour: RAL7035 light grey.
- Knockouts top and bottom.
- All units are suitable for two-wire control (e.g., time switch, thermostat, sensor, or other remote controls).
- Supplied complete with neutral terminals.
- Electrical connection of main circuit: Screw connection.

Specifications:

- Rated operation current I_e at AC-3, 400 V (A): 100
- Type of electrical connection of main circuit: Screw connection
- Rated control supply voltage at AC 50 Hz (V): 230
- Voltage type for actuating: AC

ETIM Class-9.0: Power contactor, AC switching (EC000066).

ETIM Features:

- Rated control supply voltage at AC 50 Hz (V): 230 -
- Rated control supply voltage at AC 60 Hz (V): 230 -
- Voltage type for actuating: AC (EV000460)
- Rated operation current I_e at AC-1, 400 V (A): 125
- Rated operation current I_e at AC-3, 400 V (A): 100
- Type of electrical connection of main circuit: Screw connection (EV000415)

Applications:

- Suitable for various applications requiring reliable control of electrical circuits, such as industrial machinery, HVAC systems, lighting control, and more.
