

MPN: NL2POSKESEC

Product Name: 2 Position IP65 Grey Enclosed Station Keyswitch Push Button

Brand: Newlec

Category: Pushbuttons

Product Description: The Newlec NL2POSKESEC is a 2 position station designed for reliable operation in tough environments. It features an insulated self-extinguishing ABS plastic housing, providing durability and safety. The station is equipped with a key release mechanism and has two switch positions (On/Off switch). It also offers additional space for contact blocks on each actuator, allowing for customization and flexibility.

Key Features:

- Manufactured in accordance with EN60947-5-1, EN60947-5-5 where applicable.
 - IP65 rated (when correctly installed).
 - M20/PG16 gland entries.
 - 22mm push button range made for tough environments.
 - Insulated self-extinguishing ABS plastic housing.
 - Common auxiliaries throughout push button range.
 - Space for an additional contact block on each actuator.
 - Light grey lid / dark grey base (yellow lid for Estop).
 - Stainless steel captive screws.
 - Supplied with 1 contact per actuator.
-

Specifications:

- Type of switch: On/Off switch
- Number of switch positions: 2
- Device construction: Surface mounted device
- Type of control element: Key

ETIM Class-9.0: Control switch (EC002611)

ETIM Features:

- Type of switch: On/Off switch (EV009208)
- Number of switch positions: 2
- Device construction: Surface mounted device (EV009152)
- Type of control element: Key (EV000175)
- Degree of protection (IP), front side: IP65 (EV006421)

Applications: The NL2POSKESEC is suitable for various applications including industrial control systems, machinery, and equipment where a reliable and secure key-operated switch is required. It can be used in both indoor and outdoor environments thanks to its IP65 rating.
