

MPN: NLESM10

Product Name: 10m x 4mm BS EN 61111: Class 0 Switchboard Matting

Brand: Newlec

Category: Switchboard Matting

Product Description: Newlec electrical switchboard matting is designed for high voltage areas. It provides a safe working surface in areas where there is a risk of electrical shock.

Key Features:

- Conforming to BS EN 61111:2009, Class 0.
- For use up to 1000VAC and 1500VDC.
- Protects against electrical shocks.
- Slip Resistance.
- Heat Resistance.

Specifications:

- Size: 10m x 4mm
- Conformance: BS EN 61111:2009, Class 0
- Maximum Voltage: 1000VAC, 1500VDC
- Material: High-quality insulating rubber

ETIM Class-9.0: Insulation mat/basin (EC002090)

Applications:

- Suitable for use in high voltage areas such as electrical switchboards and control panels
- Ideal for environments where electrical shock protection is essentials.
