

MPN: NLZ506/06A

Product Name: M6 Hot Dipped Galvanised Square Plate Channel Support Bracket

Brand: Newlec

Category: Channel Accessories

Product Description: The M6 Hot Dipped Galvanised Square Plate Channel Support Bracket is designed to provide sturdy support for channel installations. It is manufactured by Newlec, a trusted brand in electrical products. This bracket features a hot dipped galvanised finish, ensuring excellent corrosion resistance and durability. With its high dust and water ingress protection, it is suitable for both indoor and outdoor applications. The plug interlocking mechanism prevents the removal of the plug in the 'on' position, enhancing safety. Additionally, the top and bottom cable entry allows for easy cable management.

Key Features:

- Hot dipped galvanised finish for corrosion resistance.
 - High dust and water ingress protection.
 - Plug interlocking mechanism prevents removal of plug in the 'on' position.
 - Top and bottom cable entry for easy cable management.
-
