

**MPN:** NLZ506/08A

**Product Name:** M8 Hot Dipped Galvanised Square Plate Channel Support Bracket

**Brand:** Newlec

**Category:** Channel Accessories

---

**Product Description:** The M8 Hot Dipped Galvanised Square Plate Channel Support Bracket is a robust and reliable solution for supporting channel accessories in various applications. Its hot dipped galvanised finish ensures durability and resistance to corrosion, making it suitable for both indoor and outdoor use. The bracket features a plug interlocking mechanism that prevents the removal of the plug in the 'on' position, providing enhanced safety and security. With top and bottom cable entry points, it offers flexibility in cable management and installation.

---

#### Key Features:

- Hot dipped galvanised finish
- High dust and water ingress protection
- Plug interlocking mechanism prevents removal of plug in the 'on' position
- Top and bottom cable entry

---

#### Specifications:

- Length (mm): 40
- Width (mm): 40
- Height (mm): 40

---

## **ETIM Class-9.0:** Cantilever arm for cable tray systems (EC000022)

### **ETIM Features:**

- Length (mm): 40
- Width (mm): 40
- Height (mm): 40
- Model: Wall bracket (EV000204)
- Material: Steel (EV000179)
- Surface protection: Hot dip galvanized (EV000254)
- Colour: None (EV000494)

---

### **Applications:**

- Suitable for supporting channel accessories in various industrial and commercial applications
- Ideal for cable management and installation in both indoor and outdoor environments
