

MPN: NLRCDEP2A

Product Name: Insulated 2 Module IP20 DIN Rail Enclosure

Brand: Newlec

Category: Din Rail Enclosures

Product Description: The Insulated 2 Module IP20 DIN Rail Enclosure by Newlec provides a reliable and secure housing solution for electrical components. With its simple and robust construction, this enclosure is designed to ensure high mechanical and electrical life, offering protection and durability for various applications. The enclosure comes complete with a DIN mounting rail and features auxiliaries with a 10A thermal current rating of 660V AC max. Its full range of add-on accessories further enhances its versatility, making it an ideal choice for a wide range of installations.

Key Features:

- Complete with DIN mounting rail
- Auxiliaries with 10A thermal current rated 660V AC max
- Simple and robust construction
- High mechanical & electrical life
- Full range of add-on accessories

ETIM Class-9.0: Enclosure for control circuit devices (EC000200)

ETIM Features:

- Degree of protection (IP rating): IP20 (EV006405)

Applications:

- Suitable for use in control circuit devices and various industrial applications where reliable enclosure and protection are essential.
