

MPN: NLM42

Product Name: Cutting Tool for PVC Conduit + Mini Trunking

Brand: Newlec

Category: Pliers & Cutters

Product Description: The NLM42 cutting tool from Newlec is designed for precision cutting of PVC conduit and mini trunking. Its ratchet mechanism allows for fast and clean cuts, while the stainless-steel cutting blade ensures a clean cut every time without any burred edges or mess. This versatile tool can cut round PVC conduit up to 32mm in diameter and flat PVC mini trunking using the included mitre attachment. With an operating temperature range of -25 to +70°C, the NLM42 is suitable for a wide range of applications.

Key Features:

- Ratchet mechanism for fast, clean cuts.
- Stainless steel cutting blade.
- Clean cut every time with no burred edges or mess.
- Capable of cutting round PVC conduit up to 32mm in diameter.
- Can cut flat PVC mini trunking using the mitre attachment.
- Operating temperature range of -25 to +70°C.

ETIM Class-9.0: Pipe cutter (EC000148)

ETIM Features:

- Tube diameter (mm): 32 - 32

Applications:

- Precision cutting of PVC conduit
- Cutting flat PVC mini trunking
- Suitable for a wide range of electrical and construction applications
