

MPN: NLZ757A

Product Name: 41 x 41mm 1000mm Projection Hot Dipped Galvanised Channel Support Cantilever Arm

Brand: Newlec

Category: Channel Accessories

Product Description: The 41 x 41mm 1000mm Projection Hot Dipped Galvanised Channel Support Cantilever Arm by Newlec is designed to provide robust support for cable tray systems. It is compliant with London Underground (LU) Standard 1-085 for use on surface and sub-surface locations. The cantilever arm is compatible with both 21mm and 41mm deep channels and is compliant with BS 6946, ensuring high-quality and reliable performance in various applications.

Key Features:

- Compliant to London Underground (LU) Standard 1-085 (for use on surface and sub-surface locations)
- Compatible with both 21mm and 41mm deep channel
- Compliant to BS 6946

ETIM Class-9.0: Cantilever arm for cable tray systems (EC000022)

ETIM Features:

- Length (mm): 1000
- Width (mm): 41
- Model: Wall bracket (EV000204)
- Material: Steel (EV000179)
- Stainless steel, pickled: No
- Material qualifier: Rustproof and acidproof steel (EV010025)
- Surface protection: Hot dip galvanized (EV000254)
- Colour: Other (EV000154)

Applications:

- Suitable for cable management and support in various industrial and commercial settings.
- Ideal for use in construction projects requiring compliance with London Underground standards.
