

MPN: NL1152N

Product Name: 2 Gang 2 Way 60-400w White Square Edge Switch Push Dimmer

Brand: Newlec

Category: White Moulded Slimline

Product Description: The dial on this dimmer switch is to control the amount of brightness of the lamp. The dimmer the lamp, the lower the voltage supplied to the lamp. Therefore, the brighter the lamp, the higher the voltage is supplied to the lamp.

Key Features:

- BS EN55014, BS EN50082 & BS EN60669.
 - Electronic thermostat for greater control of water temperature up to boiling point.
 - Boil dry protection with a manually resettable cut-out.
 - Easy to install with easily accessible plumbing fittings.
-

Specifications:

- Method of operation: Rotating button
- Type of load: Resistive load
- Mounting method: Flush mounted
- Nominal power (VA): 120 - 800

ETIM Class-9.0: Dimmer (EC000025)

ETIM Features:

- Assembly: Basic unit with full cover plate (EV006349)
- Method of operation: Rotating button (EV000092)
- Type of load: Resistive load (EV006463)
- Mounting method: Flush mounted (EV000383)
- Type of fastening: Mounting with screw (EV006354)
- Material: Plastic (EV000139)
- Surface finish: Glossy (EV006395)
- Colour: White (EV000202)
- Nominal power (VA): 120 - 800
- Nominal voltage (V): 230 - 240
- Number of module spaces (modular system): 2
- Connection type: Screwed terminal (EV001008)

Applications:

- Suitable for residential and commercial lighting control.
- Ideal for adjusting the brightness of lamps in various settings.
- Can be used in homes, offices, hotels, and other indoor environments.
