

MPN: NL9025B

Product Name: 85 x 88 x 47mm² IP65 Black 2.5mm Terminals 5 Pole Junction Box

Brand: Newlec

Category: Junction Boxes Plastic

Product Description: The NL9025B is a robust 5 pole junction box designed for arduous environments. It features self-sealing neoprene glands and is suitable for hollow wall mounting. The box includes terminals that can be removed and repositioned, making it versatile for various wiring configurations. With insulated voltage of 690V AC/DC, this junction box is ideal for demanding applications.

Key Features:

- Terminals which can be removed/repositioned
- Ideal for arduous environments
- Self-sealing neoprene glands
- Suitable for hollow wall mounting
- Insulated voltage 690V AC/DC
- Including caps for mounting holes to maintain IP rating

Specifications:

- Number of terminals: 5
- Max. conductor cross section (mm²): 2.5
- Length (mm): 88
- Width (mm): 88
- Depth (mm): 53

ETIM Class-9.0: Junction box (EC002713)

ETIM Features:

- Number of terminals: 5
- Max. conductor cross section (mm²): 2.5
- Length (mm): 88
- Width (mm): 88
- Depth (mm): 53
- Mounting method: Hollow wall (EV000128)
- Type of entry: Cable (EV000136)
- Material: Plastic (EV000139)
- Colour: Black (EV000206)
- Degree of protection (IP rating): IP66 (EV006422)

Applications:

- Industrial wiring applications
- Outdoor electrical installations
