

MPN: NLTLUF1

Product Name: 2 Wire Un-fused Leads Red/Black Electrical Tester Lead Set

Brand: Newlec

Category: Test Meter Accessories

Product Description: All of the Newlec test lead sets are universal, allowing use with all standard test equipment machines. The HSE guidelines provide guidance on the selection of suitable test probes, leads, lamps voltage indicating devices and other measurement equipment used when working on or investigating power circuits with a rated voltage not exceeding 650V.

Key Features:

- Highly flexible PVC lead
 - Up to 650V
 - Standard 4mm connectors
 - 1m lead length
-

Specifications:

- Lead length: 1 metre
- Max. working voltage (V): 650

ETIM Class-9.0: Accessories for measuring instrument (EC001195)

ETIM Features:

- Alligator clip: No
- Measuring conductor connection: No
- Pouch: No
- Max. working voltage (V): 650

Applications:

- Suitable for use with standard test equipment machines
- Ideal for investigating power circuits with a rated voltage not exceeding 650V
