

MPN: NLTL3W1

Product Name: 3 Wire Un-Fused Leads Red/Black Electrical Tester Lead Set

Brand: Newlec

Category: Test Meter Accessories

Product Description: All of the Newlec test lead sets are universal, allowing use with all standard test equipment machines. The HSE guidelines provide guidance on the selection of suitable test probes, leads, lamps voltage indicating devices and other measurement equipment used when working on or investigating power circuits with a rated voltage not exceeding 650V.

Key Features:

- For use with all standard test equipment machines
 - Up to 650V
 - For use with all MFTs with 4mm connectors
 - For testing at distribution boards and lighting circuits
 - Supplied with 3 interchangeable prods & croc clips
-

Specifications:

- Lead length: 1 metre
- Max. working voltage (V): 650

ETIM Class-9.0: Accessories for measuring instrument (EC001195)

ETIM Features:

- Plug in technique: 2 mm (EV004610)
- Alligator clip: Yes
- Measuring conductor connection: No
- Pouch: No
- Max. working voltage (V): 650

Applications:

- Suitable for use with standard test equipment machines
- Ideal for investigating power circuits with a rated voltage not exceeding 650V
