

MPN: NLTLFMFT

Product Name: 3 Wire Fused Leads Red/Black/Green Electrical Tester Lead Set

Brand: Newlec

Category: Test Meter Accessories

Product Description: The Newlec 3 Wire Fused Leads Red/Black/Green Electrical Tester Lead Set is a universal test lead set designed for use with all standard test equipment machines. Compliant with HSE guidelines, this lead set is suitable for use when working on or investigating power circuits with a rated voltage not exceeding 650V. It is an essential electrical test equipment for use by electricians, and users are referred to the HSE guidelines GS38 for guidance.

Key Features:

- Universal compatibility with standard test equipment machines
 - Compliant with HSE guidelines for selecting suitable test probes, lamps, voltage indicating devices, and other measurement equipment
 - Suitable for use when working on or investigating power circuits with a rated voltage not exceeding 650V
 - Essential electrical test equipment for use by electricians
-

Specifications:

- Colour: Red/Black/Green
- Wire Type: 3 Wire Fused Leads
- Maximum Rated Voltage: 650V

Applications:

- Suitable for use in electrical testing and measurement applications where a universal and compliant test lead set is required.
