

MPN: NL797/10

Product Name: 6 x 50mm Copper Bar Hard Drawn 10 Way Copper With Twin Disconnecting Link Earth Bar

Brand: Newlec

Category: Earth Bars

Product Description: Earth bars have a plastic channel base that is entirely corrosion proof, made from high impact uPVC unlike the traditional galvanized steel channel. The use of a modern polymer channel has also reduced the weight of our earth bars, making them lighter and easier to handle.

Key Features:

- Available as bare copper or tinned copper hard drawn bar
 - Pre-drilled fixing holes for ease of installation
 - Swan-Neck accessory available to facilitate the main earth bar connection
 - Standard height 90 mm, standard depth 77 mm
-

Specifications:

- Material: Copper
- Size: 6 x 50mm
- Number of Ways: 10
- With Twin Disconnecting Link

ETIM Class-9.0: Earthing rail for distribution board (EC000329)

ETIM Features:

- Material: Copper (EV000138)

Applications:

- Suitable for use in electrical distribution systems for effective grounding and earthing purposes.
