

**Keystone extension 10G RJ45 female/female screened, STP**  
**GGM 6210210GS00**

The screened RJ45 couplers allow the connection, using patch cord, of the RJ45 male connectors. They ensure the traditional function of cable extension. They provide easy mounting on 24 port patch panels (GGM PAN24VK) and also in 45 x 45 wall boxes (GGM PL45IS ...) and in surface mounted boxes (GGM 627019000).

- Construction type : Straight
- Type of connector : 2x RJ45
- Screened : Yes
- Category : 6A (TIA)
- Model : Bus/bus
