

Green LED Indicator light 230VAC

SVN121

Technical Properties	
Tightening torque	1,7Nm
Rated operational voltage Ue	230 V
type of connection	with screw
Connection cross-sect. flexible cable	0,75 / 6mm²
Connection cross-sect. rigid cable	0,75 / 10mm²
European directive RoHs	voluntary compliance
European directive WEEE	not concerned
Frequency	50/60 Hz
Operating temperature	-20 to 50 °C
Storage temperature	-40 to 80 °C
Protection index IP	IP20
Type of lamp	LED
