

Simply Silent™

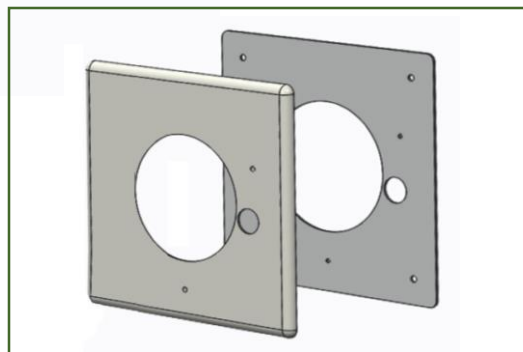

150-100mm Wall Adaptor Kit

Enables a 100mm (4") Simply Silent™ Contour Constant Volume fan to be installed in place of a traditional 150mm (6") fan.

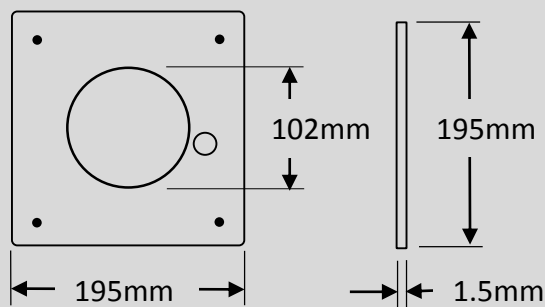

The SSAK adaptor kit offers a quick fit installation solution to enable a smaller, compact more energy efficient constant volume fan without loss of kitchen extract performance.

Wall adaptor kit comprises of a rigid galvanised metal wall plate and a white plastic moulded fascia cover with pre-drilled fan fixings centres, screws and fitting instructions.
