

SHEARS & SNIPS

You don't have to be a tinsmith to cut sheet metal successfully. With the right tool and a few simple techniques, you can make almost any cut with ease. A simple rule of thumb is when cutting long, straight cuts use tinmans shears, while it's easier to cut curved shapes with aviation shears as they're designed more for leverage and manoeuvrability.

"DAVE SAYS" QUALITY MAKES THE DIFFERENCE

'NO NIP' FEATURE ON TINMANS SHEARS (Item Nos. 1 and 2), AND JEWELLERS SNIPS (Item No. 5)

These products have a 'no nip' feature which prevents users palm being

'pinched' when handles come together when cutting tough materials.

1 1596

TINMAN'S SHEARS

Expert Quality, forged from selected tool steel with blades induction hardened and accurately ground. The curvature along the cutting edge improves performance by gripping the material being cut. Has 'no-nip' feature which prevents handles locking together and damaging users' hands. Display packed.

Stock No.	Length
35631	200mm
35649	250mm
35657	300mm

2 1596A

TINMAN'S SHEARS

Forged from high carbon steel hardened and tempered, with blades induction hardened. Has 'no-nip' feature which prevents handles locking together and damaging users' hands. Display packed.

Stock No.	Length	Cold Rolled Steel	Stainless Steel
58980	200mm	0.61mm	0.41mm
37152	250mm	0.78mm	0.45mm
58981	300mm	0.91mm	0.63mm
60812	350mm	1.20mm	0.70mm

3 2850

250mm SOFT GRIP COMPOUND ACTION TINMAN'S (AVIATION) SHEARS

Expert Quality, straight cut chrome molybdenum steel compound action blades which increase leverage, serrated for extra grip. Capacity 1.2mm mild steel, 1.5mm aluminium and 0.8mm stainless steel. The spring-loaded handles have moulded vinyl grips with slip guards. Display packed.

Stock No.
49905

4 TSCSG

250mm SOFT GRIP COMPOUND ACTION TINMAN'S (AVIATION) SHEARS

Straight cut chrome vanadium steel compound action blades with non-slip faces. Soft grip handles with slip guards for user comfort and protection. Display packed.

Stock No.
05524

5 JSS

175mm JEWELLERS SNIPS

Jewellers pattern snips for intricate work. Drop forged high carbon steel hardened and ground straight blades with cutting edges additionally hardened. Has 'no-nip' feature which prevents handles locking together and damaging users' hands. Display packed.

Stock No.
81199

6 480SG

200mm SOFT GRIP UNIVERSAL SNIPS

Blades manufactured from stainless steel, hardened and tempered with wire notch. Bottom blade edge is serrated to improve grip during cutting. The soft grip handles incorporate a locking lever. For use on thin steel, copper and aluminium sheet, carpet, rubber, plastics and leather. Display packed.

Stock No.
73745

7 480

190mm UNIVERSAL SNIPS

Blades manufactured from stainless steel, hardened and tempered to give long life. Bottom blade edge is serrated to improve grip during cutting. The moulded grip handles are spring-loaded and incorporate a handle clip. For use on thin steel, copper and aluminium sheet, carpet, rubber, plastics and leather. Display packed.
