Forged carbon steel body with plated finish, with jaw opening 19mm and throat depth 70mm. Display packed.

Stock No.	Length
14159	200mm

## HYDRAULIC SPRING COMPRESSOR

**NEW**

**3** SC100

## HYDRAULIC SPRING COMPRESSOR

**Expert Quality**, powerful two tonne hydraulic spring compressor designed for professional workshop use. The all-steel construction securely clamps and easily compresses coil springs for safe and easy dismantling of suspension units. A heavy duty, full safety cage is fitted for added user protection and the high quality clamps and yokes securely grip a wide range of spring configurations and diameters. The powerful hydraulic pump provides a totally independent operation allowing for use without the need for electric or air power sources and because it's entirely mobile can be moved to the job as required. Supplied with three interchangeable yokes.

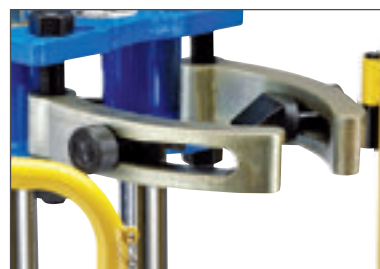

Supplied with:	Specification
1 x Fixing Jaw 30-70mm	Coil spring capacity ... 2 tonnes
1 x Yoke 75- 110mm	Dimensions ... 520 x 690 x 1320mm
1 x Yoke 110- 140mm	Upper base travel ... 226mm
1 x Yoke 140- 190mm	Lower base travel ... 240mm
	Weight ... 115kg

Stock No.
56191

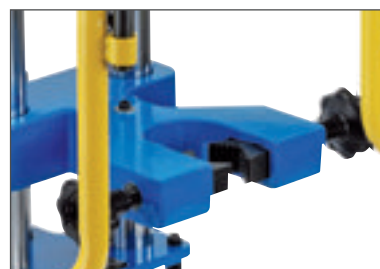

Safety device preventing users from operating the compressor when the safety cage is open

Adjustable upper fixing jaw provides stronger grip

Interchangeable vice and jaws for use on most popular struts.

Lower adjustable base supports the bottom of the strut.
