"DAVE SAYS" QUALITY MAKES THE DIFFERENCE

The high efficiency 'Venturi' system multiplies the air output by drawing air through its unique side ports. This provides greater efficiency at lower pressure helping deliver lower operating costs. The 'Venturi' system also offers a unique safety feature; if the end is blocked the excess air bleeds out of the 'Venturi' ensuring the output pressure stays below 30 PSI.

4 ABG1

AIR BLOW GUN - STUBBY

Expert Quality, a superior air gun manufactured from die cast aluminium. Each air blower is manufactured with a distinctive and unique 'venturi' system, which delivers a 15% increased performance while providing safety by operating as a bypass system if the nozzle is blocked. Fitted with a variable flow trigger and 1/4" air hose inlet. Display packed.
