

The Casa range is the ideal solution for the modern domestic installation. The range offers a contemporary sleek aesthetic, concealed fixing screws and a compact concave rocker design synonymous with the new wave of wiring accessories whilst retaining the core values of the Volex Accessories brand.

All products are manufactured and tested to the latest British Standards, are RoHS compliant and in line terminals on the sockets facilitate speed of installation.

With a clip-in grid and data range and local product marking available, this range is perfect for any residential application.
