

Earthing Products

The Norslo high performance earth clamp is designed to meet the requirements of BS 951.

Available in three colours: - red for non-corrosive dry atmosphere and blue or green for corrosive or humid conditions.
Available in three standard band lengths.

The Norslo Radiator Clamp Kit was specifically designed to allow a convenient and easy method of complying with the current IET wiring regulations.

- Packs come complete with spanner, clamps and safety labels (specific to RD10 & RD100).
- Can be easily used in all earthing applications with wet filled radiators, steel kitchen sinks, ducting, suspended ceilings or any other metal work that offers a 'fin' contact area.

Part No	Description	Pipe Dia (ø)	Pk Qty
