

Stainless Steel

Used to suspend a variety of mechanical and electrical services in the food industry and high humidity environments.

- Stainless steel body and springs are corrosion resistant and long-lasting
- Ceramic wedges for extra strength and corrosion resistance
- Aesthetically discreet and lightweight
- Available in two sizes load rated up to 90 kg SWL
- Supplied as a ready-to-use-kit
- Available for use with Loop, M8 Stud, End Stop, Karabiner and Toggle end fixings

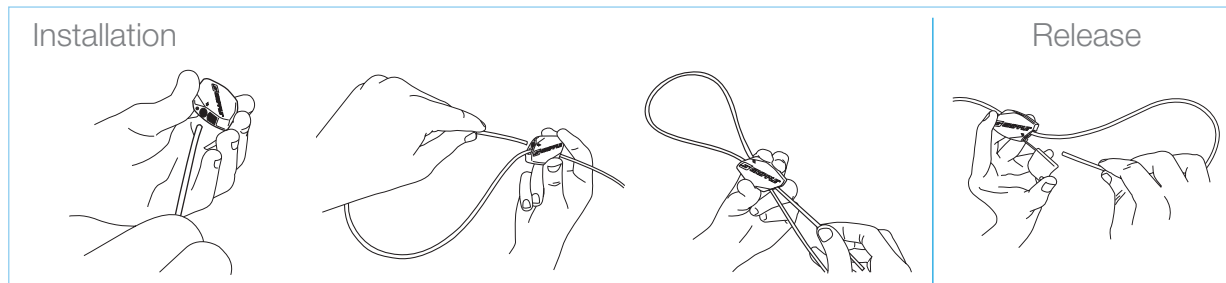

Available in sizes No.2 - No.3

All hangers are supplied as ready-to-use kits with a length of wire rope and end fixing of your choice.
