

# It's easy to see why the T80 is Ireland's favourite shower

Easy to fit, easy to afford and easy to use, when it comes to T80 there's a lot to love. But everyone's needs are different. That's why we've created a T80 range consisting of the T80Z Fast-Fit and T80Z Fast-Fit Thermostatic and the new T80 Pro-Fit, for the complete professional finish.

## T80 Pro-Fit

### Electric shower

Britain's favourite electric shower with its multiple cable and water entry points ensures a quick and easy job every time. Its generous footprint will cover most competitor models. The latest addition to the T80 range delivers everything you expect and more for the complete professional installation. With new features added and every component engineered for a professional finish, the **T80 Pro-Fit** is definitely all pros and no cons. It will also last up to 80% longer thanks to Triton's Duraflow™ technology.

#### Are you ready to go Pro!

**Easy Wire** – Swing-Fit™ for left and right hand side cable connections for ease of installation

**Pro connect** – Left or right, copper or plastic, compression or ever popular push fit

**Pro durable** – Dura-Flow™ technology from inlet to shower head for a longer lasting shower - up to 80%

**Pro flexible** – Extended fully adjustable riser rail with clip-fit tray and extended anti-twist hose

**Pro finish** – Every component is engineered for a professional finish including a new universal riser rail

**Dial power setting** – cold-eco-high dial to select your seasonal power settings

**Easy Plumb** – Swivel-Fit™ for left and right-hand side water connections for ease of installation

**Push Button Start/Stop** – retains your preferred power and temperature settings

**'Low Pressure' indicator** – operates when the water pressure is insufficient

**'Power On' Indicator**

**5 Spray Pattern Easy Clean Shower head with Dura-flow™** – a removable 'push and twist' spray plate to clean those hard to reach places
