

This is a low volt axial extract fan, suitable for mounting within the splash area of a shower or bath where current regulations prevent the use of conventional fans.

The fan is supplied by a remote safety isolating transformer.

- SELV (Safe Extra Low Voltage)
- High Impact ABS Mouldings
- With external gloss finish
- Quiet Operation
- Humidity Sensor
- Timer, 5 - 35 mins

Technical Specification

Meets the requirements of Building Regulation Document F.

IP44 rated and CE marked
in accordance with all the relevant EEC
Harmonised Directives.
Double Insulated, class II motor fitted with
Thermal Protection.

Hole Diameters: Window 105mm

Wall 115mm

Airflow: Panel Mount 83³m/hr
24 l/s

Product Range Details

Controller Input 220-240 volts 50Hz

Controller output 12 volts 50Hz

Rated wattage 14 watts

Noise Level 32dBA

Height - 154mm

Width - 154mm

Depth - 47mm

Accessories Available
wall kit, external wall grille, external
gravity grille, ducting
