

Newlec B Holesaw 102mm Quick Change

Product Code: NLCHS102

The large opening on the bi-metal hole saws backing plate allow for quick removal of cut materials. The diamond shaped sidewall cut-outs increase visibility while cutting.

Features & Benefits:

- Hole saw, cobalt bi-metal construction, diamond design on side walls, cuts: wood, gypsum board, plastics, non-ferrous metals, aluminium, stainless steel.
- Cuts 30% faster than conventional hole saws. 4/6 variable tooth configuration, M42 cobalt bi-metal construction, 1 7/8" (48mm) depth of cut.
- Wide slot design on side walls and backing plate - increased visibility while cutting. 3/16" (5mm) thick heavy-duty backing plate eliminates need for drive plate. Fleem ground teeth for longer life.
- Thin kerf design 0.044" thickness for faster cutting. Prolongs battery life when used on cordless tools.
- Cats eye opening for easy plug removal and line of sight visibility.
- Cuts: Wood, gypsum board, plastics, non-ferrous metals, aluminium, stainless steel.
