

Technical Data Sheet

55mm Channelling Chisel

MATERIAL RECOMMENDATIONS

Heavy Duty Concrete	☐	☒ Very suitable
General Concrete	☐	☒ Very suitable
Hard Bricks	☐	☐ Not suitable
Soft Bricks	☒	
Lightweight Blocks	☒	
Natural Stone	☒	
Constructional Granite	☐	
Limestone	☐	
Mortar	☐	

USAGE INFORMATION

- For use in tile, plaster, render removal applications.
- Prior to using chisels, please ensure your machine has the 'chisel only' function as they are designed to be used on this function only.
- Before using this product the chuck shank should be thoroughly lubricated.
- Minimal force should be applied when being used.
- After using the product continuously for 10-15 minutes the chisel must be removed from the chuck and allowed to cool at room temperature.
- Lubrication must be re-applied before re-using.
- Products can fail on the shank due to temperature build up of 200°C.
- Misuse of the product will decrease the maximum time usage significantly. Shank failure due to temperature build up is not warranted.
