

SPDS

Separation plates for MCSS, MCDS and ECOM enclosures

Description: Separates two bayed MCSS/MCDS/ECOM enclosures.

Material: 1.5 mm zinc plated steel.

Mounting requirements: IP 43 | TYPE 1 sealing can be obtained by using SPDG gasket. CCJ brackets are required to mount the SPDS into the enclosures. To bay enclosures together, use CCM and CCI brackets. For EMI shielding the SPDEG gasket must be used.

Pack quantity: 1 piece.
