

TL4001-4W

Small enclosure light

Energy efficient and cost effective LED enclosure light that can be installed in any enclosure. Helpful when maintenance has to be performed in the field.

Dimensions	277 x 43 x 28 mm
Operating voltage	220V-240V~, 50 Hz
Power consumption	4W
Luminosity	330 Lm

Delivery: 1 light with power cable 1.75 m long, one connection cable 140 mm long to connect lights to each other, plus mounting materials.

Light colour: 4000 K (neutral white).

Connections: Infeed, 2-pole. Through wiring, 2-pole.

Lamp type: LED.

Operating temperature: -5 °C ... +45 °C.

Operating voltage: 220 V - 240 V ~, 50 Hz.

Description: Energy saving and cost-effective lightning system to be fixed with the screws or adhesive tape provided. The power output allows lights to be connected to each other by using the serial cable included. Up to a maximum power of 100 W can be serial connected.

Approvals: CE, EAC.

Material: Body polycarbonate, end caps ABS, Protection cap PMMA.
