SITOP UPS1600/DC/24VDC/20A/IE/PN

SITOP UPS1600 20 A Ethernet/ PROFINET uninterruptible power supply with Ethernet / PROFINET interface / OPC UA server / web server input: 24 V DC output: 24 V DC/20 A *Ex approval no longer available*

input	
supply voltage at DC rated value	24 V
input voltage	DC 21 29 V
adjustable response value voltage for buffer connection preset	21.5 V
adjustable response value voltage for buffer connection	21 25 V; Adjustable: 21 V, 21.5 V, 22 V, 22.5 V, 23 V, 24 V, 25 V DC or via software
input current at rated input voltage 24 V rated value	25 A; for max. charging current (4 A)
memory	
type of energy storage	with batteries
design of the mains power cut bridging-connection	Adjustable range using rotary coding switch: 0.5 min, 1 min, 2 min, 5 min, 10 min, 20 min, max. buffering time or via software
output	
output voltage	
 in normal operation at DC rated value 	24 V
 in buffering mode at DC rated value 	24 V
formula for output voltage	Vin - approx. 0.2 V
startup delay time typical	60 ms
voltage increase time of the output voltage typical	60 ms
output voltage in buffering mode at DC	18.5 27 V
output current	
rated value	20 A
 in normal operation 	0 60 A
• in buffering mode	0 60 A
peak current	60 A
property of the output short-circuit proof	Yes
design of short-circuit protection	Limitation to 3 x I rated for 30 ms/min; through-conductivity for 1.5 x I rated for 5 sec/min
charging current	0.1 A, 4 A; Automatically depending on battery module
power loss	
efficiency in percent	
 at rated output voltage for rated value of the output current typical 	97.5 %
 in case of operation on rechargeable battery typical 	97.5 %
power loss [W]	
 at rated output voltage for rated value of the output current typical 	11 W
 in case of operation on rechargeable battery typical 	11 W
supplied active power typical	480 W
protection and monitoring	
product function	
 reverse polarity protection against energy storage unit polarity reversal 	Yes

 reverse polarity protection against input voltage polarity reversal 	Yes
display version	
• for normal operation	Normal operation: LED green (OK), floating changeover contact "Bat/OK" to setting "OK" ("OK" means: Voltage of the supplying power supply unit is greater than cut-in threshold set at the DC UPS module); Lack of buffer standby: LED red (alarm), floating changeover contact "Alarm/Bat" to setting "Alarm"; Battery replacement required: LED red (alarm) flashing with approx. 0.25 Hz, floating changeover contact "Alarm/Bat" switching with approx. 0.25 Hz; Energy storage > 85%: LED green (Bat > 85%), floating NC contact "Bat > 85" closed; Permissible contact current capacity: DC 60 V/1 A or AC 30 V /1 A
• in buffering mode	Buffered mode: LED yellow (Bat), floating changeover contact "OK/Bat" to setting "Bat"; Prewarning battery voltage < 20.4 VDC: LED red (alarm), floating changeover contact "Alarm/Bat" to setting "Alarm"; Energy storage > 85%: LED green (Bat > 85%), floating NO contact "Bat > 85" closed

	green (Bat > 85%), floating NO contact "Bat > 85" closed
interfaces	
product component PC interface	Yes
product function communication function	Yes
design of the interface	Ethernet/PROFINET
number of interfaces according to PROFINET	2
safety	
galvanic isolation between input and output	No
operating resource protection class	Class III
protection class IP	IP20
standard	
 for emitted interference 	EN 55022 Class B
 for interference immunity 	EN 61000-6-2
standards, specifications, approvals	
certificate of suitability	
• CE marking	Yes
• UL approval	Yes; cULus-Listed (UL 508, CSA C22.2 No. 107.1), File E197259
CSA approval	Yes
EAC approval	Yes
type of certification CB-certificate	Yes
MTBF at 40 °C	345 056 h
standards, specifications, approvals hazardous environments	
certificate of suitability	
• ATEX	No
 cCSAus, Class 1, Division 2 	No
standards, specifications, approvals marine classification	
shipbuilding approval	Yes
Marine classification association	
American Bureau of Shipping Europe Ltd. (ABS)	Yes
Det Norske Veritas (DNV)	Yes
standards, specifications, approvals Environmental Product De	
Environmental Product Declaration	Yes
Global Warming Potential [CO2 eq]

ecurity information	Siemens provides products and s	_	_			
	for preventing unauthorized acce networks. Such systems, machin to an enterprise network or the in necessary and only when approp network segmentation) are in pla cybersecurity measures that may www.siemens.com/cybersecurity undergo continuous developmen recommends that product update and that the latest product versio no longer supported, and failure	solutions constitute one element of such a concept. Customers are responsi for preventing unauthorized access to their plants, systems, machines and networks. Such systems, machines and components should only be connect to an enterprise network or the internet if and to the extent such a connection necessary and only when appropriate security measures (e.g. firewalls and/ network segmentation) are in place. For additional information on industrial cybersecurity measures that may be implemented, please visit www.siemens.com/cybersecurity-industry. Siemens' products and solutions undergo continuous development to make them more secure. Siemens stror recommends that product updates are applied as soon as they are available and that the latest product versions are used. Use of product versions that a no longer supported, and failure to apply the latest updates may increase customer's exposure to cyber threats. To stay informed about product update subscribe to the Siemens Industrial Cybersecurity RSS Feed under
