

The most versatile and optimized LED lamps for power and control panels

- More mounting options: magnetic, clip fixing, DIN rail, screws
- More time savings: simple and fast installation
- More useful light: widest dispersion angle, comfortable color spectrum
- More compatibility: global voltages, sockets, and certifications

Note: not all models include all features.

Technical data / Lighting

Multi-fixing LED lamps (10W, 640lm)

Description	Voltage	Socket	Reference	Certification	Power cable	Interconnection cable
LED lamp with socket	120-230Vac		NSYLAMLDS	IEC	NSYLAM3M	NSYLAM1M
	120-230Vac		NSYLAMLDF	IEC	NSYLAM3M	NSYLAM1M
	120-230Vac		NSYLAMLDB	IEC	NSYLAM3M	NSYLAM1M
	120-230Vac		NSYLAMLDU	UL	NSYLAM3MUL	NSYLAM1MUL
LED lamp without socket	120-230Vac		NSYLAML	IEC	NSYLAM3M	NSYLAM1M
				UL	NSYLAM3MUL	NSYLAM1MUL
LED lamp w/o socket + detection	230Vac		NSYLAMLDD	IEC	NSYLAM3M	NSYLAM1M
LED lamp without socket - Vdc	24-48Vdc		NSYLAMLVDC	IEC	NSYLAM3MDC	NSYLAM1MDC
				UL	NSYLAM3MDCUL	NSYLAM1MDCUL

Cost-effective LED lamps

Description	Voltage	Power	Reference	Length (mm)	Power cable	Interconnection cable
LED lamp + power & interconnection cables	24-48Vdc	5W	NSYLAMT5LD1VDC	310	Included	Included
	120-230Vac	5W	NSYLAMT5LD1	310	Included	Included
	120-230Vac	10W	NSYLAMT5LD2	560	Included	Included

Portable LED lamp

Description	Voltage	Power	Reference	Power cable
Portable LED lamp with on/off switch + fixing base + cable	120-230Vac	10W	NSYLAMPORLTD	Included

Multi-fixing LED Lamp

Optimizes space, fits most enclosure designs, and makes installation fast and easy.

3 mounting options with all accessories included

- Clip-based fixing to structure in under 3 seconds
- Magnetic fixing to any steel casing in under 5 seconds
- DIN rail mounting, similar to miniature circuit breakers

Connectivity

- Connect up to 5 lamps in series, across one or more enclosures
- Control multiple lamps with a single door contact

Minimum space requirements

- Perfectly fits the Spacial enclosures frame
- Keeps cabinet area clear, with no interference with equipment installation

Saves time and money

- Optional 'presence detector' avoids installation of a door switch
- 270° light dispersion angle enables a single lamp to illuminate two adjacent cabinets

Flexible built-in power socket

- Use socket to power tools, laptop, etc.
- Many international socket style options

Global compatibility

- Broad range of certifications
- Wide input voltage range, including 24/48 Vdc option for telecom applications

Less than 3 seconds to mount!

Cost-effective LED Lamp

The simple, universally compatible choice that offers excellent value for money.

2 mounting options with accessories included

- Optimized brackets for easy mounting to metal (e.g. Spacial) or polyester (e.g. Thalassa) enclosures
- Magnetic fixing option for steel enclosures

Connectivity

- Connect up to 10 lamps in series, across one or more enclosures
- Control multiple lamps with a single door contact

Minimum space requirements

- A choice of two sizes to mount in small panels or across large combined cabinets
- Small footprint on door frame won't hinder access to equipment or maintenance

Saves time and money

- 270° light dispersion angle enables a single lamp to illuminate two adjacent cabinets

Global compatibility

- Wide input voltage range, including 24/48 Vdc option for telecom applications

Control up to 10 lamps in series!

Portable LED Lamp

A bright, efficient, portable lamp to support maintenance activities.

Designed for convenience

- Use for temporary maintenance activities, or leave permanently installed
- Compact and portable to move easily between locations as needed
- Wide dispersion angle allows a single lamp to illuminate one or more adjacent cabinets

Convenient power cable and switch

- 3 m long cable can be wound on lamp base for convenience
- Easy-access switch is recessed to prevent accidental turn off

Permanent mounting option

- Screw or adhesive mounting to all types enclosures

Compact, portable, and bright!
