

HELUTOP® sealing inserts

TECHNICAL DATA

PA protection tab

■ STRUCTURE

- Material: Polyamide (PA) 6

■ APPLICATION

- Machine and plant construction
- Robotics
- Automation technology
- Vehicle construction and shipbuilding
- Railway technology
- Installation technology
- Control cabinet construction
- For sealing of not assigned cable glands HELUTOP® HT.

■ NOTES

- Colours: black
- Protection tab 903492 only for cable glands type HT and HT-MS with clamping range 5-10mm.
- Legend:
Dimensions
H - Height
H - Height without thread
D - Outer diameter
D - Outer diameter of upper part

Part no.	Size	Size	Clamping area from / up to mm	Outer Ø of upper part mm	Outer dimensions mm, approx.	Height mm	Hight without thread mm	Packing unit
