THORSMAN WORK LAMPS

See clearly in every situation: Thorsman LED lighting

On a building site, in a garage, in a workshop, in wintertime, in the evening... wherever and whenever you work, you need good light to see what you are doing. Light that eliminates shadows, shows true colors and lets you see shapes and surfaces as they really are. Thorsman light.

The Thorsman range of LED Work lamps are the go-to solution when you need quality daylight around the clock, offering extensive features to cover a wide range of applications. The LEDs use less energy and last longer. The color temperature is resemble daylight. They are weather sealed, robust and suited to all kinds of working environments, indoors and outside. They can be used upright or upside down, horizontally or vertically, close up or from a distance.

“

The result is a Thorsman Work lamp for every need.
Including yours.”

Robust:

Thorsman Work lamps have high IP and IK classifications, making them suitable for use in harsh weather conditions in all types of work environments. Designed for robustness, each lamp has a rubber-coated shock-absorbing frame to withstand being accidentally dropped or kicked, so they keep on working as long as you do.

Comfortable:

Thorsman LEDs bring natural light to your indoor and outdoor projects, with a 5-step dimming function that lets you adjust their brightness to match the environment you are working in.

Efficient:

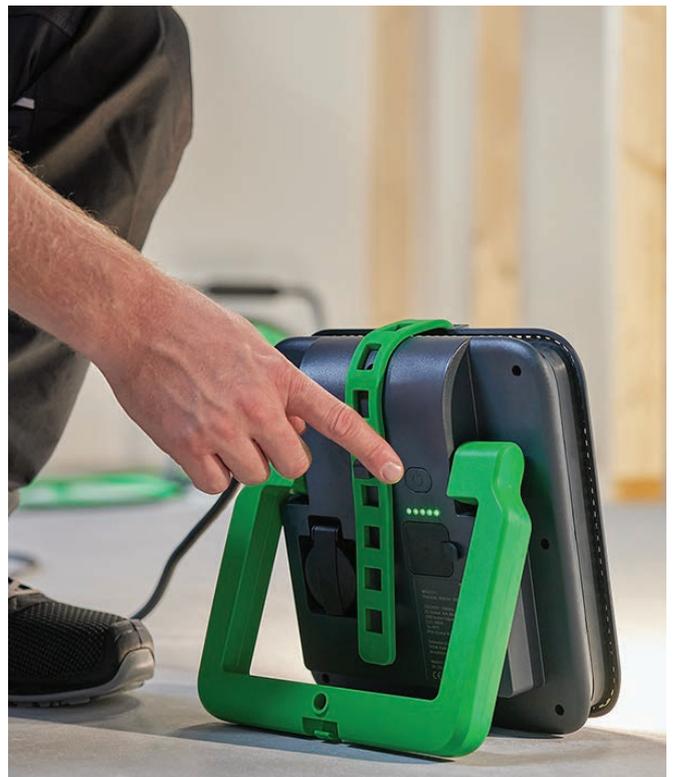

Thorsman Work lamps use the latest LED technology lasting up to 50,000 hours with low energy consumption. Energy efficiency can reach up to a minimum of 110 lumens/watt.

Convenient:

The 35W, 55W and 75W versions come with Types A + C USB charger ports to power mobile devices like phones, headlamps and hand lights. A power socket on the back offers additional connectivity and can serve as an extension socket for other electric appliances. The rechargeable Thorsman can operate for up to 8 hours at 10% brightness (i.e., 400lm) without being plugged into the mains. Cable management and a cable clip store and protect the power cable when it is not being used.

Flexible:

Thorsman LED lamps have an adjustable bracket that supports multiple light configurations to direct light efficiently. A patented strap allows lamps to be hung up in tight spaces, like scaffolding, while a long power cable makes it easier to reach a power source.

Thorsman LED 2100 lumen

Power (Watt)	18W
Luminous Efficacy	>110 lm/w
Energy Class	D
Light Temp	4000K
CRI	Ra >80
Beam Angle	120°
LED Lifetime	50000 Hrs
Dimming	5-step (100%, 75%, 50%, 25%, 10%, 0%)
Ingress protection	IP65
Impact protection	IK08

Cable Length & Type	3 m H05RN-F 2 x 1.0 mm ²
No. of Socket	-
USB Charger	-
Voltage	220-240V
Operation Temp	-25° to 40° C
Operation Humidity	0% to 95%
Dimensions	210 x 200 x 67 mm
Weight	1120 g
Charging Time	-
Operation Time	-

Thorsman LED 4000 lumen

Power (Watt)	35W
Luminous Efficacy	>110 lm/w
Energy Class	D
Light Temp	4000K
CRI	Ra >80
Beam Angle	120°
LED Lifetime	50000 Hrs
Dimming	5-step (100%, 75%, 50%, 25%, 10%, 0%)
Ingress protection	IP54
Impact protection	IK08

Cable Length & Type	3 m H07RN-F 3 x 1.5 mm ²
No. of Socket	1
USB Charger	Type A + Type C, 2.4A Max
Voltage	220 - 240V
Operation Temp	-25° to 40° C
Operation Humidity	0% to 95%
Dimensions	270 x 260 x 75 mm
Weight	2230 g
Charging Time	-
Operation Time	-

Thorsman LED 6800 lumen

Power (Watt)	55W
Luminous Efficacy	>110 lm/w
Energy Class	D
Light Temp	4000K
CRI	Ra >80
Beam Angle	120°
LED Lifetime	50000 Hrs
Dimming	5-step (100%, 75%, 50%, 25%, 10%, 0%)
Ingress protection	IP54
Impact protection	IK08

Cable Length & Type	4 m H07RN-F 3 x 1.5 mm ²
No. of Socket	1
USB Charger	Type A + Type C, 2.4A Max
Voltage	220 - 240V
Operation Temp	-25° to 40° C
Operation Humidity	0% to 95%
Dimensions	290 x 280 x 82 mm
Weight	2700 g
Charging Time	-
Operation Time	-

Thorsman LED 8500 lumen

Power (Watt)	75W
Luminous Efficacy	>110 lm/w
Energy Class	D
Light Temp	4000K
CRI	Ra >80
Beam Angle	120°
LED Lifetime	50000 Hrs
Dimming	5-step (100%, 75%, 50%, 25%, 10%, 0%)
Ingress protection	IP54
Impact protection	IK08

Cable Length & Type	5 m H07RN-F 3 x 1.5 mm ²
No. of Socket	1
USB Charger	Type A + Type C, 2.4A Max
Voltage	220-240V
Operation Temp	-25° to 40° C
Operation Humidity	0% to 95%
Dimensions	350 x 340 x 82.5 mm
Weight	3100 g
Charging Time	-
Operation Time	-

Thorsman LED rechargeable 4000 lumen

Power (Watt)	35W
Luminous Efficacy	>110 lm/w
Energy Class	D
Light Temp	4000K
CRI	Ra >80
Beam Angle	120°
LED Lifetime	50000 Hrs
Dimming	5-step (100%, 75%, 50%, 25%, 10%, 0%)
Ingress protection	IP54
Impact protection	IK08

Cable Length & Type	3 m H07RN-F 3 x 1.5 mm ²
No. of Socket	-
USB Charger	Type A + Type C, 2.4A Max
Voltage	220-240V
Operation Temp	0 to 40 °C
Operation Humidity	0% to 95%
Dimensions	270 x 260 x 106 mm
Weight	2800 g
Charging Time	> 80% battery capacity @ 8hrs
Operation Time	> 2hrs @ 100% brightness > 8hrs @ 10% brightness

Optional tripod and bracket support

The optional tripod and bracket for Thorsman Work lamps can be used in a wide range of applications indoors and outside.

Height adjustable from a minimum of 1.4 m to a maximum of 3 m
0.7 m length bracket for mounting
2 Work lamps

RELATED PRODUCTS

Thorsman Cable reels

Are robust products that are easy to operate, carry and transport, thanks to smart features such as the ergonomic winding handle, ergonomic carrying handle, and fixed drum...

Technical specifications:

- From 15 to 40 m
- IP20 or IP44
- H05 or H07 cable
- Pin earth, Schuko, BS plugs/sockets

Our LED Worklights & Floodlights

Have been designed to offer more features and to cover a maximum number of applications, thanks to their different sizes: for small or big areas, indoors or outdoors, for any kind of weather, close up or at a distance.

Thorsman Electrical test meters offer includes:

- Digital multimeter
- Compact digital multimeter
- Analog multimeter
- 4-in-1 digital detector
- Multifunction cable tracer
- IR thermometer
- Moisture meter
- Voltage tester pen
- BS socket tester

Thorsman Electric tapes

Are available in a wide range of sizes and colors. Suitable for electrical insulation, binding, colour coding and general work, this range is manufactured to be flame-retardant and self-extinguishing.

Cable ties

Thorsman cable ties

Suitable for wide applications. Made from nylon 6.6. Compliant to EN 62275.

Accessories

Self-adhesive base for fixing of cable ties. Additional screw-fix option. Cradle fixed with screw or rivet.

Thorsman cabling and fixing offers

Plugs:

- Wall plugs
- High performance plugs
- Nail plugs
- Clip plugs
- Universal plugs

Clips and clamps:

- Nail clips
- Screw clips
- Metal clamps
- Plastic clamps
- Cable wings

Cavity fixings:

- Metal
- Plastic

Screws:

- Concrete screws
- Universal screws
- Self tapping screws
- Installation screws
