

Smart Hand Dryer Specialist Range

MAN/H1000

Advanced Air Filtration

A built-in HEPA filter removes over 99.9% of dirt, dust and pollen from the air passing through the dryer, helping provide cleaner air for more hygienic hand drying.

Antibacterial Protection

The innovative ABS cover incorporates silver ions for enhanced antibacterial protection, helping maintain a cleaner and more hygienic washroom environment. Proven >99.9% antibacterial efficacy against *Staphylococcus aureus* and *Escherichia coli*.

Optimised Acoustic Performance

The patented noise-reducing air inlet minimises operating noise, delivering sound levels as low as 70 dB(A) at 1 metre for a quieter washroom environment.

Flexible Performance Control

Power and air speed can be easily adjusted to suit different washroom requirements, with power consumption ranging from 700–1000W.

Intelligent Status Indicator

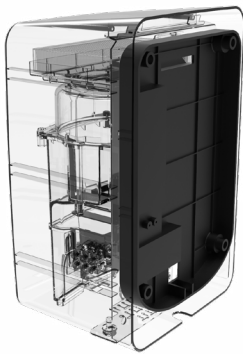

The intuitive colour-coded LED indicator provides clear operating and maintenance status at a glance: white for ready, green for in use, red for HEPA filter replacement and blue for motor brush replacement, helping ensure optimum performance.

Simplified Installation & Maintenance

The plug-in wall-mounted backplate allows the dryer body to be quickly detached and reattached, simplifying installation and maintenance.

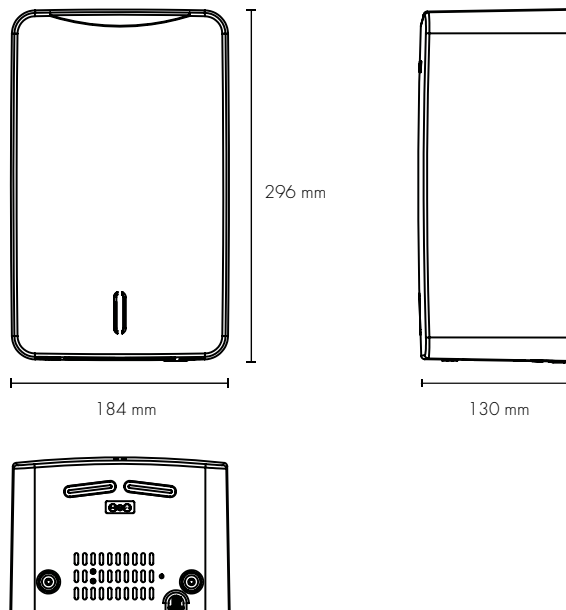

Cat. No.	Cover
MAN/H1000W	ABS - White
MAN/H1000S	ABS - Silver
MAN/H1000B	ABS - Black

Effortless installation and removal

The plug-in wall mounted back plate allows the dryer body to be quickly and easily detached and reattached without need for an electrician.

Technical Specification

- 10–15 second drying time
- Adjustable airspeed: 63–91 m/s
- With HEPA filter
- Sound: 70–76 dB(A) at 1 m
- Adjustable power: 700–1000W
- Motor speed: 29,000 rpm
- IP24 Rated
- Touch free operation
- Sensing distance: 15–19 cm
- Standby power consumption: $\leq 0.4W$
- Automatic 60-second shut-off
- Heater protection: automatic cut-out at 95°C
- Class I

Dimensions

- Height - 296 mm
- Width - 184 mm
- Depth - 130 mm
- Weight - 3.8 kg
