# Data Sheet | Item Number: 2759-2103/271-1000

Visualization Lighting Management; L; Single License; Online activation

https://www.wago.com/2759-2103/271-1000

WAGO Visualization Lighting Management provides an optional independent user interface for operating and monitoring WAGO Lighting Management (2759-0204/0261-1000). Whether on a desktop PC, touch panel, tablet or smartphone, the entire lighting system can be operated clearly and conveniently during ongoing operation via a modern HTML 5 web user interface. Through the visualization of operating data, the user is informed at all times about the current operating status of the entire lighting system and can intervene manually if necessary. Simultaneously accessing several lighting management controllers from the visualization is also possible. Depending on the number of controllers to be operated, three different license types are available. The visualization can be easily adapted to individual requirements. In addition to language and color settings, HMI devices, users, rooms and custom profiles in particular can be created and managed. Profiles make it possible to associate an individual user interface with each HMI device or user.

Visualization – S; 1 controller; Item No.: 2759-2101/271-1000
Visualization – M; up to 3 controllers; Item No.: 2759-2102/271-1000
Visualization – L; up to 10 controllers; Item No.: 2759-2103/271-1000

## Notes

| | |
|---|---|
| Note | The “Lighting Management” Software is a pre-programmed application based on the CODESYS Development Environment and can be used for both PFC200 G2 Controllers or Touch Panels 600.<br>To download the application and license to the device, WAGOupload software is required, which can be obtained free of charge from the WAGO homepage. Internet connection may be required for license activation. |

## Software data

| | |
|---|---|
| Supported devices | 750-8212: PFC200; G2; 2ETH RS<br>Web Panel 400 |

## Delivery

| | |
|---|---|
| License type | License for a maximum of 10 controllers |
| Delivery type | License certificate by email (software available for download) |
| License generation | DRM |
