

7 T SPLITTER

With a splitting force of 7 tonnes, the scheppach HL760LS horizontal log splitter splits firewood with lengths of up to 52 cm into fire-sized logs. Two-handed operation and a cover in the splitting area provide optimised safety, while the stable splitting blade takes care of the hardest work when splitting wood. The transport wheels make the horizontal splitter easy to transport and mobile.

- Splits up to 100 pieces of wood per hour
- Splits stored and fresh wood effortlessly
- Splitting force: 7 tonnes
- Max. up to 52 cm
- wood length, up to 25 cm diameter
- Hydraulic cylinder with automatic return
- Warp-resistant, powder-coated steel structure
- Stable splitting blade
- Powerful motor of 2200 W
- Freely-adjustable splitting stroke
- Optimised safety thanks to two-handed operation
- Low-maintenance machine that does not require much space
- Safety cover in the splitting area
- Tray table for logs
- Safe and quiet operation
- Including machine stand with transport wheels
