condition.

PRSS 4M & 6M

Better rust resistance in tough conditions.

A measuring tape with a polyester coated stainless-steel blade and a stainless-steel spring. Made for work in wet environments.

NEWS'22

SHORT MEASURING TAPE PRSS – STAINLESS STEEL

The tape is graduated using highly accurate inkjet printing to give you optimal contrast and precision when measuring. The casing is made from high impact ABS plastics, rubber-coated for a better grip and impact resistance. It has an ergonomic grip and a rubber-coated brake button. It comes with a smooth blade return action and bump-stop with an anti-wear function that protects the blade and end-hook.

The 4 meter model has a slim metal belt clip. The 6 meter model has a detachable belt clip with a quick-release function that makes it easier to release the tape with one hand. The end hook adjusts itself for internal measuring.

- Stainless-steel tape and spring.
- Type approved according to EU Class I.
- Metal clip for attaching a lanyard when working at heights.
- Strong stainless-steel end-hook with a reinforcement plate.
- Distinct brake that doesn't allow any blade movement.
