# Trolley Tool Bag.

**Why carry when you can roll.**

A large and versatile trolley tool bag, perfect for any craftsman who need to bring an extensive set of tools to the worksite. It's designed to carry power tools, hand tools, electronics, gadgets, bits and bobs – everything you need.

The bag is made from an extremely durable ballistic polyester - 1680 Denier – for maximum wear resistance and service life. Large treaded wheels and a telescopic, aluminium handle allows you to easily pull it along over most surfaces.

The bag consists of one single large compartment lined with pockets and tool holders. The bottom is clad in a red fabric making it easier to see what's in it. The zippered main compartment has a flat lid with a document pocket. You can stack additional equipment on top of the bag and there's a strap for fastening the lid in an open position. The bag also features external pockets, comfortably padded handles and a set of straps for attaching spirit levels or other long and narrow tools. The zippers are nylon coil zippers – very durable with large metal pullers that are easy to grip, even with gloves on.

- Extra-large main compartment and zippered pocket for documents in the lid.
- 33 pockets and tool holders, including a holder for spirit levels.
- The bag is tested with a 60 kg static load and made from an extremely durable ballistic polyester - 1680 Denier.
- Telescopic aluminium handle and heavy-duty threaded wheels.
- Dimensions: 53 x 37 x 47 cm

33 pockets and tool holders.

Telescopic aluminium handle.
