The longitudinal stop can be positioned on either side and guarantees precise saw cuts. It can easily be locked using the quick-release lock.

The sturdy extendable aluminium table is perfect for extra large work pieces.

Guides with ball bearings ensure smooth running of the saw band.

Angular cuts can be quickly and easily carried out, thanks to the saw table that can be steplessly adjusted.

EXAMPLES OF USE

Both softwood and hardwood can be easily processed with the HBS261.

Even delicate work can be effortlessly implemented, thanks to the different saw band widths.
