Dust-proof switch for protection against dust ingress and a long service life.

Low-dust work thanks to dust extraction with dust bag or via a chip extraction system.

3-in-1 function thanks to interchangeable grinding wheels: Random orbital sander (Ø 125 mm), delta sander (150 x 150 x 100 mm), or orbital sheet sander (184 x 92 mm).

Easy sanding sheet change thanks to velcro fastener.

Low overall height facilitates particularly precise grinding close to the edge.

Variable oscillation frequency control from 14,000 to 24,000 rpm with a resonant circuit of 1.6 mm for application-specific work, adjustable via a control dial.
