

STICK LITE M

Universal hand lamp in slim design with 300 lumen

ORIGINAL
SCANGRIP
SINCE 1906

The STICK LITE M is ideal for those who value good, compact design combined with uncomplicated functionality. Regardless if it is for everyday use or a tough job, the STICK LITE M delivers as promised: optimal brightness and handy design at a fair price.

// New upgraded version

Compared to the first generation, STICK LITE M has been upgraded with the highly efficient COB LED technology, now providing up to 300 lumen. It has also been upgraded with a stepless dimmer function in the range of 10 % to 100 % that enables you to easily adjust the light output to the work task.

Born rechargeable, the powerful STICK LITE M with torch light function enables convenient and precise work. The STICK LITE M is thus recommended for everyone who needs universal, sturdy and handheld work lights. The practical built-in magnets allow you to benefit from the bright light of the hand lamp and still having both hands free for work.

The ultra-thin design with round shapes makes STICK LITE M comfortable to carry in the pocket ready at hand for the daily inspection tasks. The slim designed hand lamp is also optimized in weight to provide maximum working comfort.

- Powerful hand lamp with top light function
- Providing up to 300 lumen
- Ultra lightweight for maximum working comfort
